TERRACIAN

NOTT TERRACE
HIGH SCHOOL

SCHNECTADY, NEW YORK

presented by

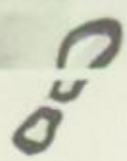

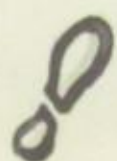

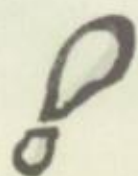

THE CLASS OF
JUNE 1953

In loving memory of
MARY ANNA QUIGLEY,
whose graciousness and charm, wise counsel, and
inspired leadership, endeared her to students and
faculty alike. She exemplified all that is best in edu-
cational ideals.

Our footsteps into the future will follow a path shaped by the experiences we have had and the contacts we have made at Nott Terrace.

DOORWAY TO WHAT . . .

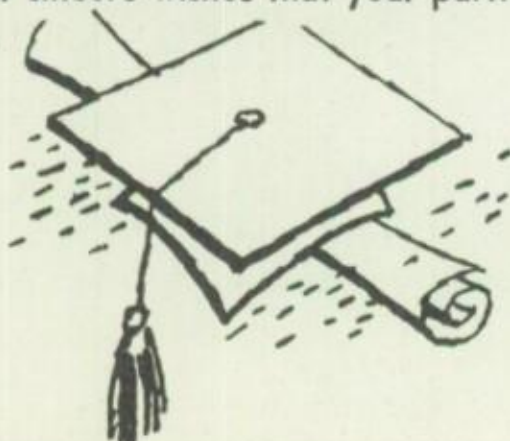

To a high school student, the entrance to the school is a pretty important doorway. Remember the first time you walked through yours as a somewhat bewildered freshman? . . . and all the many times since?

Now, you are to pass through it as a student for the last time. As you do so, it becomes, in a way, even more important: a doorway through which you will look back often at the good times of the past . . . one through which you now step toward what awaits you in the future.

For many of your fellow-graduates of years past, that doorway has led to a career with General Electric. Today, you'll find alumni of your school in almost every area of activity at Schenectady Works. We've found them to be nice people and have welcomed them to our Company family.

Should your choice be the same . . . whether now or after further schooling . . . and your abilities suit our needs, we would be happy to welcome you in the same way.

Whatever your choice, we extend to you . . . one and all . . . our congratulations and our sincere wishes that your particular "doorway" leads to a happy and satisfying future.
